OXFORD FEDERAL CREDIT UNION CELEBRATES OPENING OF FARMINGTON BRANCH

[Farmington, ME, October 23, 2026] Oxford Federal Credit Union (OFCU) celebrated the grand opening of its new location in Farmington with a ribbon-cutting ceremony hosted by the Franklin County Chamber of Commerce on October 15, 2026.

“Our new Farmington branch is one more place where people can come for support, guidance, and the products and services they need – as well as the same excellent member service they receive in our Mexico and Norway locations,” said Joann Bisson, President & CEO. “The grand opening and ribbon cutting were held on International Credit Union Day, which made those events even more meaningful.”

The opening of this location represents an opportunity to reach a new audience, while providing convenience for existing members in Franklin County. The new location reflects OFCU’s ongoing commitment to making financial services accessible while maintaining the personalized member experience and community focus that have defined the organization for many years.

JP Fortier, Executive Director of the Franklin County Chamber of Commerce said, “We’re excited to welcome Oxford Federal Credit Union to Farmington and celebrate this exciting milestone with their team. Oxford FCU has been a great member of the Franklin County Chamber of Commerce, and we appreciate their commitment to supporting local businesses and our community. We look forward to seeing their continued success here in Franklin County!”

An experienced and knowledgeable team of four was hired to staff the new location. Cara Greenwood, Branch Manager shared, “We are all excited to bring the mission and trusted service of OFCU right here to the heart of Farmington!”

The Farmington branch was designed and constructed by Woodhull out of Portland, Maine. They are currently working on OFCU’s Augusta location.
