- Right below the graphic of the card, you will see a toggle button and it will show the card is ON
- Turn the toggle button off, to turn your card OFF
- If you find your card, turn it back ON.
- If you contact us and we confirm the card has been compromised, we will issue you a new one.
- If you contact us and we are able to identify the suspicious charge as legitimate, you can turn your card back ON and continue to use it.

PUT YOUR OFCU CARDS IN YOUR DIGITAL WALLET

- Tap the symbol
- Tap *Add to Apple Wallet*
- Tap *Next*
- Choose how you would like to receive your security token, then tap *Next*
